OLD IOTA 01 | NEW IOTA 01 | Welcome

The Session is opened by Anne Kaufmann on behalf of the election board.

OLD IOTA 02 | NEW IOTA 02 | Welcoming Remarks

There were welcoming remarks from Kathleen Lützkendorf for the city administration and Torsten Schubert, head of the Studierendenwerk Thüringen.

Anne informs that the university leadership is unavailable today, but would like to attend one of the next meetings.

OLD IOTA 03 | NEW IOTA 03 | Introduction

Anne introduces the MoStuCo to their tasks and responsibilities.

A handout from Levke is to be made available via email.

- **Niklas:** Don't let too many constitutions and orders deter you.
- **Marcus, Niklas, Willi** discuss, that all members of the student body can submit motions and points of order.
- **Willi** explains, that working groups can be assigned to departments of the StuCo.

OLD IOTA 04 | NEW IOTA 04 | Reports

- **Marcus** reports from the Executive Board
 - The new contract for the International Centrum “Haus auf der Mauer” has been signed. We will still get money back from some contract partners, but probably not from all. On 10.10.2025, there will also be a meeting with Mr. Hollnack. There, the handover of personnel will be the main topic.
 - We took a closer look at the **attendance statistics** for the completed term. During this term, attendance at StuCo was slightly higher than in the previous year. Nevertheless, we are below 50 % in average attendance. We hope that this term, with many motivated people in the StuCo it will be different and we can achieve a better quota.
 - The **StET** are still ongoing. We have written a lot of contracts for the FSRs again, since they are very active and plan great events for their freshmen.
 - We received a **payment reminder** for € 271.90 plus € 2 in reminder fees and will be required to transfer this amount by October 8th 2025. Otherwise, legal action will be taken. The reason for this is, that a decision by the StuCo that students would receive money for a trip was declared invalid. Therefore, we cannot pay out the money. We are working hard to find a quick solution.
 - The **Grüne Jugend** has asked us, if we want to be represented with a stand at the **Krautgassenfest** or if we want to advertise the event. It will take place on 22nd October from 13:00 to 18:00. At the festival, there will be a cake buffet and various stands (NABU, ADFC, etc.). We were invited to emphasize the student concerns of a redesigned Krautgasse.

Point of Order from Willi: Opinion gathering: The StuCo wants to have a stand at the Krautgassenfest.

no objection, Point of Order accepted

Opinions are gathered about wanting to have a stand at the Krautgassenfest.

Result: 14 Yes, 3 No

- There is currently a problem in that we are not always well-informed about the problems of the student body, as they are not brought to our attention. Students often think that they are the only ones with a problem or that nothing can be changed. Therefore, we have considered creating a new **StuCo email address specifically for complaints**. Then students can simply vent their frustrations, feel heard, and we learn what we need to work on.

Point of Order from Marcus: Opinion gathering: A complaint email should be set up by the Executive Board.

no objection, Point of Order accepted

Opinions are gathered about setting up a complaint email.

Result: 30 Yes, 0 No

- **Levke** reports
 - The ALOTA are beginning tomorrow. Also, the “Fest auf der Mauer” is taking place on October 11th - everybody is invited.

OLD IOTA 10 | NEW IOTA 10 | Discussion & Election: Executive Board ** (Election Board)

Motion Text

Dear All,

the StuCo elects a three-person executive board to lead and coordinate all of its activities. The executive board represents the student body externally and for all legal transactions and corresponding contracts at least two members of the board must sign. Additionally, the board coordinates the work of the employees, therefore fulfills the employer function of the student body, prepares, leads (or designates a leader) and follows up on sessions. They create the session materials, sends out invitations to the meetings in good time, and subsequently ensures that the records are published and the resolutions implemented. The management supports the board in these tasks. In addition, the board can decide on funding applications (term for external requests) up to an amount of €250 and releases of funds (term for internal requests) up to an amount of €500. It holds regular (usually weekly) board meetings to make these decisions and coordinate its tasks. Only those who are voting members of the StuCo can become members of the board. A majority of the votes of all StuCo members is required for election. With 37 StuCo members, this means that 19 votes are required. If the executive board does not consist of three persons for a period of two months of the lecture period, the student council must be dissolved and new elections held. The deadline for this is December 13th 2025.

Best wishes

OLD IOTA 11 | NEW IOTA 11 | Discussion & Election: Confirmation Heads of Departments ** (Election Board)

Motion Text

Dear all,

According to §25 (1) of the constitution of the student body of the FSU Jena, the student council may set up departments to fulfill its tasks. The departments that have been set up are listed in § 16 of the order of the student council. Each department is headed by a departmental coordination team of one to three members elected by the Student Council. The departments are assigned areas of responsibility by StuCo decision. The Teacher Training Department is a so-called special department. This means that it appoints its own representatives and the Student Council no longer elects them, but only confirms them. According to § 25 (7) of the constitution, the representatives must be confirmed at the constitutive StuCo meeting. The following is a list of the departments with their areas of responsibility and representatives in the order in which they are mentioned in the order of the student council. The executive board contacted the heads of departments to ask whether they would like to be confirmed at the constitutive meeting. The representatives who did not respond are marked accordingly in the text below.

Your Election Board

Discussion

Willi provides an overview of which task forces have submitted something for the activity report. Niklas asks whether the funding for SGM has expired. Willi says that the funding will probably continue. Marcus asks whether EAP is still relevant. It is asked whether this could be incorporated into student freedom/spaces. Levke says that it could be summarized as a student city. Katharina asks what the student freedom/spaces task force does. Levke explains that it looks after the Frei(t)raum and SR 309 and campaigns for more student relaxation rooms. Niklas is against a merger, as he would rather delete the task forces first and then set them up later if they are relevant. Willi says that he would take over the AK General Examination Regulations.

Amendment from Niklas: Delete in the Draft Resolution:

- Redesign of Ernst-Abbe-Platz
- SGM

accepted by the applicant

Draft Resolution: The Student Council of the FSU Jena decides on the establishment of the task forces:

- Political Education,
- Bicycle Traffic,
- Student freedom/ spaces,
- Freshman Bags,
- General Examination Regulations.

Motion Text

Dear all,

After the working groups have been submitted, coordinators will be named.

Niklas takes on the AK Freshman Bags and trains Kat.

OLD IOTA 15 | NEW IOTA 15 | Discussion & Decision: Confirmation of the delegates of the StuCo to the KTS** (Election Board)

Motion Text

Dear all,

The Conference of Thuringian Student Bodies (KTS) is the state student representation provided for in the Thuringian Higher Education Act (ThürHG) and is therefore equivalent to the Landes ASten-Konferenzen (LAK) or Landes-ASten-Treffen (LAT) in other federal states, which, unlike the KTS, are usually not provided for in state higher education laws. The KTS represents the interests of students vis-à-vis the ministry and is given the opportunity to comment on regulations that affect students. It is composed of two delegates from each of the student bodies of the state-recognized universities listed in the ThürHG.

Current delegates:

- Helen Würflein (would like to be confirmed)
- Paul Staab (is running for election as deputy)

Deputies: none

Discussion

Anne says that Helen was here earlier and would like to be reappointed as KTS delegate.

Amendment from Election Board: delete point 2 to 4

OLD IOTA 17 | NEW IOTA 17 | Discussion & Decision: Delegation to the FSR-KOM** (Election Board)

Motion Text

§ 9 Order of the FSR-Kom stipulates that the student council should send a representative with the right to submit motions and speak to the FSR-Kom. The StuCo should definitely fill this position again in order to show the student department councils that their opinion is important to the StuCo. This task naturally involves attending the FSR-Kom meetings, which take place on Wednesdays at 6:15 p.m. (approximately every three weeks).

Discussion

Stefan would like to continue doing this. Maurice can also imagine doing it.

Amendment from Election Board: replace line with: Stefan Huber as main delegate and Maurice Reitzig as deputy

accepted by the applicant

Draft Resolution: The Student Council of the FSU Jena appoints Stefan Huber as the main delegate and Maurice Reitzig as the deputy delegate to the FSR-KOM.

OLD IOTA 18 | NEW IOTA 18 | Discussion & Decision: Appointment of the Joint Committee** (Election Board)

Motion Text

Dear all,

The Joint Committee needs to be reappointed. The Joint Committee is a body half of whose members come from the FSR-KOM and half from the StuCo. It meets infrequently. We are looking for six people.

Reiner Sandmann inquires about the responsibilities of the Joint Committee.

Anne explains the Joint Committee.

Niklas provides additional explanations.

It is asked who is interested.

accepted by the applicant

OLD IOTA 19 | NEW IOTA 19 | Discussion & Decision: Naming of the coordination of the activity report** (Election Board)

Motion Text

Dear all,

According to § 8 (1) No. 10 of the constitution of the FSU Jena Student Body, the Student Council is required to submit a detailed activity report on the fulfillment of its other duties under § 8 of the constitution in the past year by September 30th. To this end, the Student Council appoints a person at its constituent meeting to coordinate the preparation of this report and ultimately complete it. The specific format of this report may vary. In addition to the reports from the individual structural units of the student council, the last activity report included, for example, the election results, attendance statistics for the MoStuCo and the budget. However, the specific format can be determined by the person responsible within the framework of the constitution.

Discussion

Willi Kröning would do it again.

Niklas asks that texts be limited to ASCII characters.

Amendment from Election Board: replace line with Willi Kröning

accepted by the applicant

Draft Resolution: The Student Council of the FSU Jena appoints Willi Kröning as coordination for the activity report in the term 2025/26.

Voting: 18 Yes / 0 No / 0 Abstention

OLD IOTA 20 | NEW IOTA 20 | Discussion & Decision: Filling other positions (Election Board)

Motion Text

Dear all,

There are still other vacant positions that can/should be filled. These include the canteen committee, which usually meets once a semester and advises on all matters relating to the "Studierendenwerk" canteens. Helen Würflein, Katharina Gabriel, and Frederike Escher have been delegates here so far. There is also the monitoring committee for the Partnership for Democracy. Levke Jansen has been the delegate for this committee so far.

Furthermore, there is the Paradies 21 steering group. The steering group is relevant because it includes city department heads and police delegates, as well as representatives from city cleaning services, street social work, and other groups. There are several subgroups within the steering group, including "night culture" and "regulatory policy issues," but also "youth issues." Paul Weiß has been the delegate for this group to date.

Discussion

Katharina reports on what the canteen committee does and why she wants to continue. More people sign up for the open positions.

Amendment from Election Board: replace the line at canteen committee: Helen Würflein, Katharina Gabriel and Friederike Escher. replace the lines for the Partnership for Democracy with Levke Jansen and Maurice Reitzig. replace the line for night culture with Daniel Lenhardt and Clara Höpfner. Add "steering group Paradies 21" behind night culture. Delete the motion for "regulatory policy issues".

accepted by the applicant
