IOTA 01 → 01 | 18:20 Uhr | Reports

Andreas reports from the Department of Internal Affairs

- Yesterday, we, the **Department of Internal Affairs**, met with **Mr. Rüttger** from the Legal Department of the FSU and discussed various matters. We have now established a procedure for how we will proceed with approvals and announcements. We were also able to clarify various questions. In the coming weeks, we will draft a few amendments to the orders in consultation with the Legal Department and then submit them to the StuCo for approval.

Klara reports from the Market of Opportunities

- This year's **Market of Opportunities** took place on October 9 in the foyer of CZS 3. If you like the MdM, please consider coordinating it next year. Once again, there was a massive lack of support.

Paul Staab reports from the Administrative Board

- On September 1, the Administrative Board held a **workshop on the economic plan** of the "Studierendenwerk" (similar to a budget). Instead of strategic discussions about the "Studierendenwerk" plans for the coming financial year, we were unfortunately confronted at very short notice with the news that, contrary to expectations, the state budget for 2026 provides for significant cuts to the "Studierendenwerk". Compared to the budget for 2025 (EUR 6,630,600), the budget for 2026 will be reduced by just under EUR 750,000 to EUR 5,875,000. This counteracts the increase actually provided for in the coalition agreement ("The financing of the "Studierendenwerk" will be increased [...] in line with requirements") and leads to considerable uncertainty and restrictions for the "Studierendenwerk". The economic plan is expected to be adopted on October 24. Measures discussed so far include, in particular, the closure of individual facilities, adjustments to the semester fee (at least €10), and partial price adjustments. However, there is no final decision yet.
  Please make use of all the opportunities you have to exert political influence. At the next KTS meeting (to which I would like to invite you, even if you are not delegates), there will be another discussion on this topic. However, there is a certain amount of campaign fatigue after the BAföG campaign, and the underlying timeline is not entirely optimal, as the decision on the economic plan is to be made well before the decision on the state budget.
  The draft economic plan is now available. It explicitly provides for increases in semester fees of €10 per semester, an adjustment of cafeteria prices (explicitly not for students), the closure of the Cafeteria zur Rosen in Jena and Lecture Hall 7 in Erfurt, and a reduction in the range of psychosocial counseling services (PSB). Further consequences, in particular due to the passing on of energy costs, which are currently still borne by the FSU, cannot be ruled out.

Marcus reports from the Internationales Centrum Haus auf der Mauer

- On October 10, a **meeting was held at Haus auf der Mauer**, attended by Mr. Hollnack from the StuWe, Jule (our former KoKos employee), Willi Kröning, Chiara Daskiewitsch, Klara

Wilde and Marcus Hansen. The main topics of discussion were the handover of the personnel and the associated files, the handover of technology including data, and the closure of the bank account.

Klara reports from the Executive Board

- We would like to point out once again that all MoStuCo members have access to the **workroom** next to the Executive Board office, where they can work for the StuCo and exchange ideas.
- We would also like to point out that all **MoStuCo members should be involved in a substructure of the StuCo**. It is important to us to emphasize that you do not have to become a head of department to do so. An (irregular) contribution to a department is perfectly sufficient. So feel free to approach departments that interest you and ask how you can best get involved.
- The **DAAD Internationalization Conference** will take place in Würzburg from October 31 to November 2. If you are interested in attending, please feel free to contact us.
- There were **complaints about the record** of the constitutional meeting. The record is therefore currently offline and is being revised. It should be back online in the next few days.

IOTA 02 → 02 | 18:31 | Determination of the Quorum and Discussion & Decision of the Agenda

Determination of the Quorum

- Of the **36** elected MoStuCo, **4** MoStuCo have a dormant mandate.
  Thus, there are **32** voting MoStuCo.
- The quorum is reached with **17** present voting MoStuCo.
  A two-thirds majority is reached with **22** yes-votes from the present voting MoStuCo.
- There are **19** voting MoStuCo present, so the committee is **quorate**. A two-thirds majority is **not reached**.

IOTA 03 → 03 | 18:33 | Discussion & Election: Executive Board (Executive Board)

Motion Text

Dear MoStuCo,

We are looking for a third member—because two is nice, but three is where things really get chaotic!

Best wishes
the Executive Board

Discussion

- **Stefan** suggests Marcus.
- **Marcus** accepts.
- **Levke** suggests Jan Haedicke, Jan Hillebrandt and Christoph zur Mühlen.
- **All 3** decline.
- **Katharina** suggests Götz.
- **Götz** declines.
- **Levke** suggests Clara Höpfner.
- **Clara Höpfner** accepts.
- **Maurice** suggests Levke.
- **Levke** declines.
- **Bennet** suggests Leo.
- **Leo** declines.
- **Stefan** suggests Andreas.
- **Andreas** accepts.
- **Marcus** suggests Antonia.
- **Antonia** accepts.

Marcus, Clara Höpfner and Andreas are asked to leave the room.

Chiara Daskiewitsch is entering the session at 18:45.

- **Introduction of Antonia**
  - **Antonia** briefly introduces herself. She is 19 years old and this is her first term on the StuCo.
  - **Maurice** asks how long she has been studying.
  - **She** is studying physics in her third semester.
  - **Stefan** asks how much time she has.
  - **She** is still unsure how much time she has this semester and finds it difficult to estimate based on the hours.
  - **Bennet** asks what her expectations are for the work.

- **She** hasn't really looked into it yet because it was suggested at very short notice.
- **Willi** asks how willing she is to familiarize herself with new matters.
- **She** has the interest and motivation for it.
- **Chiara** asks why she is in the StuCo.
- **She** was initially approached because people were still being sought for the lists. However, she would particularly like to get involved and contribute to university politics.

Antonia is asked to leave the room. Andreas is asked to come in.

- **Introduction of Andreas**
  - **Andreas** introduces himself.
  - **Willi** asks how long he has been studying.
  - **He** is studying mathematics in his third semester.
  - **Willi** asks how much time he has.
  - **He** doesn't know yet, as he won't find out where he has been accepted until next week. However, he has already dropped a course in order to have more time for committee work. If necessary, he is prepared to drop more courses.
  - **Willi** asks what expectations he has of the work.
  - **He** only knows about the work of the board from hearsay and does not yet have any concrete ideas.
  - **Willi** asks how willing he is to familiarize himself with new matters.
  - **He** is very willing.
  - **Willi** asks why he is in the StuCo.
  - **He** has been a student council member since 8th grade. The five years there were really great, so he was determined to join a similar committee during his studies.

Andreas is asked to leave the room. Clara Höpfner is asked to come in.

- **Introduction of Clara Höpfner**
  - **Clara** introduces herself. She is studying psychology in her fifth semester and does not yet know what to expect on the executive board.
  - **Willi** asks how much time she has.
  - **She** doesn't have much time because she is taking many courses and also works.
  - **Willi** asks how willing he is to familiarize himself with new matters.
  - **She** is interested, which is why she is also in the StuCo. Only time could be a problem.
  - **Willi** asks why she is in the StuCo.
  - **She** was curious to see how things work in the committee. She is also interested in political engagement and representing the interests of students. The BAföG also plays a small role.

Clara Höpfner is asked to leave the room. Marcus is asked to come in.

- **Introduction of Marcus**
  - **Marcus** asks the committee if they have any questions for him.
  - **Willi** asks him to introduce himself first.
  - **Marcus** introduces himself. He is studying Powi and Erzi in his 7th and 5th semesters and was already a board member last term. At work, he likes contracts, departments, and FSRe. His goals for the new term are to improve communication with KTS and StuWe and to improve the situation of individual FSRe. He wants to be open to the FSRe and also improve the public and internal perception of the StuCo. Furthermore, he wants to improve the department meetings, as they should be about communication. He also wants to organize further training for CRJ and Aktrützel and improve the job advertisements. In addition, he wants to apply for the position of deputy HHV in order to be able to step in in case of possible absence due to illness, etc. Finally, he would like to hold regular internal discussions and talks with the staff.
  - **Willi** asks how much time he has.
  - **He** has a lot of free time this semester because he often doesn't attend his classes.
  - **Willi** asks why he is in the StuCo.
  - **He** is on the committee to improve the situation of students and student department councils and to get involved in politics.
  - **Maurice** asks over which list he was elected into the committee and whether he enjoys being there.
  - **He** was elected via a Juso/ElLi list. He likes being a member of the Jusos, even if he doesn't always like being in the SPD.
  - **Levke** asks why he didn't pursue his goals earlier, given that he had already been on the board for a year.
  - **He** was too satisfied with the status quo for a long time. But he knows that wasn't good.

Marcus is asked to leave the room.

The committee discusses all candidates.

All candidates are asked to come back in.

Election

Mandate Review and Counting Commission consisting of **Maurcie Reitzig, Stefan Huber and Christoph zur Mühlen**

no objections

	1. ballot	2. ballot	3. ballot	4. ballot
Clara	0	–	–	–
Antonia	3	2	–	–
Andreas	6	7	8	–
Marcus	9	9	9	11
No	1	1	1	4
Absention	1	1	2	5

Noone is elected.

- **Götz** criticizes the approach of randomly suggesting people. Anyone who wants to become a board member should please put themselves forward.
- **Willi** explains that this is done in case some people just don't dare to come forward themselves.

IOTA 04 → 04 | 19:43 | 1. Reading: Supplementary Budget 2025_26 (Finances)

Motion Text

Dear MoStuCo,

during the last term of office, work had already begun on drafting the supplementary budget. Since then, there has been only one change. This involves an increase in other costs for StuCo technology, as our system administration wants to expand the server structures and make them more secure.

Greetings
the Finances

Discussion

- **Willi** presents the motion.

Jan Hillebrandt is leaving the session at 19:44.

- **Bennet** asks why there is less advertising revenue than planned at Aktrützel.
- **Willi** explains that there were contracts that expired without new ones being drawn up.
- **Bennet** asks what is meant by maintenance of the server structure.
- **Willi** explains that the technical staff has sent a document detailing everything they want to do and what they need to do it. The server should be better and much more secure as a result.

Robert Pohle is entering the session at 19:46.

Point of Order from **Willi**: End of reading

no objection, Point of Order accepted

IOTA 05 → 05 | 19:48 | Discussion: Activity Report 2022/23 (Willi Kröning)

Motion Text

Dear MoStuCo,

With a two-year delay, I present the activity report for the 2022/23 term of office. Our secretary Kerstin had to collect the reports at the time. Now, finally, they have been compiled.

Warm Regards
Willi

Discussion

- **Willi** presents the motion.
- no questions asked

IOTA 06 → 06 | 19:50 | Discussion: Activity Report 2023/24 (Willi Kröning)

Motion Text

Dear MoStuCo,

In the course of preparing the other two activity reports, I only made a few minor corrections to the formatting of the activity report for the 2023/24 term of office. And since this was not mentioned in the session materials a year ago, I would like to maintain a certain degree of continuity.

Warm Regards
Willi

Discussion

- **Willi** presents the motion. The old activity report has only been reformatted to make everything more consistent. Nothing has changed in terms of content.

IOTA 07 → 07 | 19:51 | Discussion: Activity Report 2024/25 (Willi Kröning)

Motion Text

Dear MoStuCo,

The latest, most recent, and longest activity report ever is here! For the 2024/25 term of office, I also asked the student department councils for reports and received them from about half of them. This allows us to really show the outside world how diverse we are thanks to all our structures.

Warm Regards
Willi

Discussion

- **Willi** presents the motion.
- **Bennet** asks whether the FSRe are obliged to submit an activity report.
- **Willi** believes that Bennet is only referring to accountability. This does not necessarily include the StuCo's activity report.
- **Andreas** adds that FSR activity reports are often also held in plenary meetings.
- **Stefan** asks whether records are taken at these plenary meetings.
- **Andreas** explains that they are recorded in varying degrees of detail. These minutes are not the same as activity reports.
- **Bennet** believes that we should revisit this issue in the future and include the obligation in the constitution. For example, for new people who want to know what has happened in the FSR in the past, for reasons of transparency and to break down knowledge hierarchies.
- **Willi and Levke:** There was once a request to list all student body events with the number of participants, location, funds, etc. Such requests came from Adf and CDU. Presumably, the aim was to discredit and criticize the student body.
- **Andreas** has a question on another topic: Does Willi want to continue specifying "PDF" as the only format requirement for activity reports?
- **Willi** will do things differently in the future. Animated PDF files are no longer permitted. Static PDFs are required.

IOTA 08 → 08 | 20:02 | Discussion & Decision: Print quota student choir Collegium Vocale (Vorstand)

Motion Text

Dear MoStuCo,

Many years ago, the StuCo decided to grant the Jena student choir Collegium Vocale a printing quota. On November 12, 2019, this was increased to 8 000 pages per year by resolution. As a student body, we have no active connection to the Collegium Vocale. So if other external associations want to have a printing quota, we would have to vote on this as well, in order to ensure equal treatment. Either way, the question of economic efficiency arises as to whether we want to continue to allow the choir to print for free.

Best wishes
the Executive board

Discussion

- **Willi** presents the motion.
- **Bennet** asks how the choir is organized. Is it an association or a loose network?
- **Willi** takes a quick look. On the website, it looks like a loose network.
- **Bennet** wants to know if the choir belongs to the university.
- **Willi** continues to browse the website. They appear to be at least located inside the university.
- **Bennet** asks how much of the quota is being used.
- **Willi** explains that we don't know exactly at the moment. But last week someone was there and printed for several hours in the conference room.
- **Andreas** notes that they have a support association and a foundation that support them. He asks whether this has been communicated to the StuCo.
- **Willi** says that we were not informed about this.
- **Levke** mentions that there was once a request to increase the quota from 5 000 to 8 000, so one can assume that they also use up the 8 000 pages. There are also several student choirs at the university. Why is printing only allowed for one choir?
- **John** asks whether we also support other organizations in this way. And how do we check what exactly they print?
- **Willi** explains that they are the only external people who print about us. Our secretary checks some of what they print.
- **Paul** asks if we have an overview of the costs.
- **Willi** explains that unfortunately we don't have an exact overview because we use the subscription model. However, he estimates that the costs are less than 100 euros.
- **Bennet** questions how sustainable it is to have so many pages printed, especially since they don't belong to us.
- **Paul** suggests asking the choir about the questions that have arisen.

- **Bennet** thinks that we don't need to care about their opinion, since they don't belong to us.
- **John** says that it's just unfair that they're allowed to do that and others aren't.
- **Paul** says he is not against it per se. However, it does not cost us very much and therefore does not harm us. It would only be unfair if we had to start turning down other requests. It is not nice to simply cancel the quota without communicating with the choir first.
- **Katharina** asks whether we actually need a cooperation agreement for this, if they gain a financial advantage from the printing.
- **Stefan** asks when the last communication between the board and the choir took place.
- **Willi** explains that they printed last week, but there was no real talk about the quota.
- **Bennet** agrees with Katharina. He also believes that we can decide this today.
- **Levke** adds that during her time on the board, the choir printed very frequently.
- **Stefan** thinks we should put an end the quota and approach them afterwards.

amendment from **Marcus**: change "________________" to "0"

Voting: 17 Yes / 0 No / 3 Abstention **accepted**

- **Paul** notes that there may be a contract that only they have and we don't.
- **Katharina** is against the quota.
- **Bennet** emphasizes that there does not have to be a contract. Even if there is one, it could also have expired. If there is a valid contract, they can always complain afterwards.

Christoph is leaving the session at 20:20.

- **Götz** finds it unpleasant to simply reject the quota. The StuCo is already perceived as only criticizing everything. We should offer them a contract.
- **Bennet** is in favor of a decision on the condition that there is no contract.
- **Willi** believes that a resolution would merely be a declaration that we want to terminate the contract. So it would be okay to pass the resolution today.
- **Stefan** criticizes us for spending so much time discussing a trivial matter. Everything indicates that there is no contract at all.
- **Levke** is in favor of the board sending the choir a nice email after the meeting and asking whether they are dependent on the quota.

amendment from **Marcus**: add: ", as long as there is no valid cooperation agreement."

Voting: 17 Yes / 0 No / 2 Abstention **adopted**

Draft Resolution: The Student Council of the FSU Jena decides to adjust the Collegium Vocale's copying quota to 0 pages per year as long as there is no valid cooperation agreement.

Voting: 17 Yes / 0 No / 2 Abstention **accepted**

IOTA 09 → 09 | 20:31 | Discussion: Next Session (Executive Board)

Motion Text

Dear MoStuCo,

We want to try discussing the next meeting date as a separate agenda item so that it is not forgotten under Miscellaneous.

Best Wishes
the Executive board

Discussion

- **Willi** presents the motion.
- **Marcus** would like an appointment in an odd-numbered week, as he fears that the StuCo will be dissolved after six weeks without a complete executive committee. An odd-numbered rhythm would allow us to better counteract this.
- **Willi, Levke, Andreas, and Klara** disagree. The constitution is consulted and it is determined that, according to §27 (1), the StuCo can only be dissolved if no executive committee consisting of three members has been formed within eight weeks of the lecture period. This means that the StuCo has until mid-December to elect a third executive committee member.
- **Marcus** withdraws his request for an appointment in an odd week.
- **Willi** suggests October 28.
- **Robert** has lectures on Tuesdays from 6 to 8 p.m. and would like the appointment to be rescheduled in general.
- **Götz** explains that it is very difficult to take individual appointments into account.
- **The date for the next meeting is set for October 28.**

Katharina Gabriel is leaving the session at 20:34.

Bennet Hartung is leaving the session at 20:34.

Jan Haedicke is leaving the session at 20:37.

IOTA 10 → 10 | 20:36 | Miscellaneous

Session colour

- **Willi** explains that we want to choose a color for the meeting again.
- **Leo** suggests concrete gray.
- **Marcus** suggests steel gray.
- **John** is in favor of piggy pink.
- **Willi** is in favor of PAF-organge.

Point of Order from **Willi**: Opinion gathering

no objection, Point of Order accepted

Opinions are gathered about which color should be chosen as the meeting color for the current session.
Result: 3 concrete grey / 3 steel grey / 9 piggy pink / 7 PAF organge
→ **The Session Colour is piggy pink.**

Trust persons

- **Klara** introduces the role of the trust persons.
- The **trust persons** will be re-elected at the next meeting. They are a great asset to the working atmosphere and cooperation within the committee and beyond. Therefore, please consider before the next meeting whether you would like to take on this position.

Session time stamps

- **Willi** asks what the committee thinks of the time estimates in the session materials.
- **Andreas** thinks it's pointless because it's difficult to assess.
- **Robert** agrees with Andreas.
- **Levke** notes that you can also find out which IOTA the committee is currently working on via the Telegram group.
- **Willi** understands the points, but notes that times are also given in the Senate. These are usually even correct.

We wish everyone who has read this far a wonderful start to the new semester.
